Too Much Light Makes The Baby Go Blind ***30 plays in 60 minutes***

COLORADO SPRINGS (Sept. 29, 2016) — The Colorado Springs Fine Arts Center Theatre Company opens the late-night Studio Series with *Too Much Light Makes The Baby Go Blind*, an amalgamation of Neo-Futurist pieces. This witty collection of comic, tragic, political, personal and abstract plays is directed by Scott RC Levy and runs Oct 21-Nov 19 in the FAC's intimate Music Room.

Having opened in 1988 and still playing today as the longest-running show in Chicago history, *Too Much Light Makes The Baby Go Blind* is an ensemble experiment in presenting 30 plays in 60 minutes. Each two-minute play is performed in random order with an interactive audience. A 60-minute timer starts and the goal is for the audience and the actors to perform all 30 plays in 60 minutes or less. And if the performance is sold out, we order out! At sold-out performances pizza will be delivered in the middle of the show for the entire audience to enjoy.

The cast for *Too Much Light Makes The Baby Go Blind* includes Mackenzie Beyer, Mark Cannon, Anna Faye Hunter, Jordan Matthews, Jareth Spirio, and Kelley Wick.

Fine Arts Center

In 1919 the Broadmoor Art Academy (BAA) was established in the former home of philanthropists Julie and Spencer Penrose. After the Great Depression hit in 1929, the BAA looked at diversifying further, expanding into an entire arts district under one roof. And that's how the Colorado Springs Fine Arts Center (FAC) came to be. The FAC, built in 1936, is a privately-funded, non-profit art museum, professional theatre company and arts education center. Built on the foundation of the prestigious BAA, the FAC carries the legacy of Colorado's arts and cultural heritage. One of 16 charter members of the American Alliance of Museums, the FAC offers the best in visual arts via its permanent collection and travelling exhibitions, as a TCG member theatre company, and through arts education with the FAC's Bemis School of Art. The FAC building is considered an architectural treasure in the Rocky Mountain region, designed by John Gaw Meem, and is listed on the National Register of Historical Places.
