Cards with Character: Watercolor Greetings

Instructor Name: Tara Sauvain

Instructor Email: tsauvain2025@coloradocollege.edu

The supplies listed below are examples of the materials you'll need for this class. I've included Amazon links so you can see the specific materials I'm referring to and use them as a reference when deciding where to shop.

Most supplies can be found at Michaels, Hobby Lobby, Menninger's, Who Gives a Scrap, Amazon, and other local art and craft stores.

There are so many fun ways to embellish handmade cards! Options include ribbon, twine, stickers, gems, washi tape, and much more. We'll look at the possibilities together as a class and, if there is interest, create a communal supply pile that everyone can share. Of course, you are also welcome to purchase your own embellishments and make your cards uniquely yours.
